WEB DEVELOPMENT BOOTCAMP

Juno College of Technology | 2021

ACCELERATED JAVASCRIPT

Juno College of Technology | 2021

GEOSCIENCE, BIOLOGY

University of Toronto | 2012 - 2016

PROFILE

Front-end developer with a unique balance of creative and analytical skills, and a profound love of problem-solving. My background as a self-employed visual artist brings a well-rounded suite of soft skills, a penchant for thinking outside the box, and a proven record for getting things done.

PROJECTS

IBAG OF HOLDING | [\[LIVE\]](#) [\[REPO\]](#) [\[DEMO\]](#)

React, JavaScript, CSS, Firebase

- A dynamic & fully responsive party inventory app for your D&D game built on a React framework, and using Firebase for storing persistent data. The real-time database allows users to store, delete, and change quantities of items in their inventory list.

LET'S WATCH A MOVIE WITH... | [\[LIVE\]](#) [\[REPO\]](#)

HTML, SCSS, JavaScript, RESTful API - Paired programming

- Web app using multiple endpoints on TheMovieDB API to generate a list of movie recommendations based on multiple optional user inputs. Form options are generated dynamically using data from the API, and results are generated using a dynamically selective endpoint-URL creator.

WHICH GAME SHOULD WE PLAY | [\[LIVE\]](#) [\[REPO\]](#)

JavaScript, jQuery, HTML, CSS, RESTful API

- Board game recommendation app built in jQuery using the Board Game Atlas API. It features multiple range sliders for providing user input for number of players, age of the youngest player, and length of the game, from which the app generates an AJAX query to provide the user with a list of fun games.

WORK EXPERIENCE

PHOTOGRAPHER / PROPRIETOR

JBTO | 2014 - 2021

- Built and managed a small visual arts business in a diverse and dynamic industry.
- Helped promote the careers of countless local artists through thoughtful & authentic visual documentation of their art and performance pieces.
- Maintained the highest reputation for quality and reliability with a dedication to constant honing of new approaches and techniques.
